---

[Library and Information Services at EPFL](http://library.epfl.ch/en/periodicals)
eBooks

A steadily growing collection which contains books by renowned economists and managers.

library.epfl.ch/en/ebooks

Springer Business and economics collection 2010-2015

MIT Press Scholarship Online Economics & Finance 2010-2014

Printed resources

Our collection of books on economics and finance is available in the “Science et Société” and the “Mathematiques” areas of the library.

As the EPFL Library is part of a library network millions of documents are thus available for loan through our discovery search engine.

BEAST the EPFL library search engine provides access to print and online books and journals collections.

Research and publishing support

The Library team provides you with a wide range of support and advisory services. Our specialists will be happy to answer your questions about:

- Information search strategies
- Bibliographic references management
- Publishing support
- Open Access
- Copyright, Plagiarism, and Intellectual property
- Research evaluation (bibliography / bibliometrics)
- Research Data Management support

Teaching and learning support

Trainings
The Library offers several trainings to the whole EPFL community, from induction sessions to tailor-made courses, adapted to your specific needs. We help you to acquire information management and literacy skills.

Pedagogical resources
Our staff will help you in the organization and diffusion of your teaching materials, such as handouts, MOOCs, presentations, corrected exercises, etc.

Teaching collection (Collection d’enseignement)
This collection gathers books related to the courses given at EPFL (Bachelor and Master levels), recommended by teaching staff as a support to their courses. They are available in several copies or as eBooks.

Infoscience
Infoscience is the institutional repository of EPFL, a database that archives and advertises the work and scientific publications produced by EPFL research groups. It facilitates the access to all scientific resources produced at EPFL: publications, preprints, research reports, projects, theses, students’ work, courses, posters, etc.
