- Scanning format 400 x 560 mm
- Book support up to 15cm thickness
- Scanning resolution: 200, 300 et 400dpi
- File formats: TIFF, JPEG, PDF

3.2. Physical specifications

- Size:
- Weight:
- Electrical characteristics:
- Noise:

3.3. CE marking

3.4. Environment respect:

eScan is made of recyclable materials.
eScan is compatible with ENERGY STAR label which guaranty a lower consumption when device is in standby mode.

3.5. European directive (selective collection)

Pursuant to European Directive DEEE N°2002/96/EC, this product must be subject to selective collection.

3.6. Copyright

Libraries used in Limb Capture software:
• OpenCV : BSD License
  http://opencv.org/

• ExifUtils : MIT License Copyright (c) 2006-2009 Stephen M. McKamey
  http://code.google.com/p/exif-utils/

• ImageListView : Apache License 2.0
  http://code.google.com/p/imagelistview/

• SharpZipLib : The library is released under the GPL
  http://www.icsharpcode.net/opensource/sharpziplib/
  SharpZipLib library is released under the GPL with the following exception:

  Linking this library statically or dynamically with other modules is making a combined work
  based on this library. Thus, the terms and conditions of the GNU General Public License cover
  the whole combination.

  As a special exception, the copyright holders of this library give you permission to link this
  library with independent modules to produce an executable, regardless of the license terms of
  these independent modules, and to copy and distribute the resulting executable under terms of
  your choice, provided that you also meet, for each linked independent module, the terms and
  conditions of the license of that module. An independent module is a module which is not
  derived from or based on this library. If you modify this library, you may extend this exception
  to your version of the library, but you are not obligated to do so. If you do not wish to do so,
  delete this exception statement from your version.
